Delightfully Country

A farm fresh continental breakfast is served in your room and consists of fresh baked breads with fruits and nuts grown on the farm along with homemade jams and quiche.

Guests enjoy sitting in the barn breezeway during summer or by the fireplace in winter. The old grape arbor in the orchard has twinkling lights and hammocks for those perfect nights in the country.

Staying at Big Mill is in no way "roughing it." This award-winning eco-friendly retreat offers what can only be called country luxury, with spa services and special touches like flowers in the room.

You have a choice of 4 rooms and suites and one extended stay suite. All rooms have wireless Internet, flat screen TV, private entrances and individual thermostat controlled heat/AC.
